# Welcome to our luxury catalog!

We understand that planning a wedding can be an exciting yet overwhelming experience. At Nelly's Cakes and Design, we strive to make the process of ordering your dream wedding cake as smooth and enjoyable as possible. In this section, we will guide you through the factors to consider when ordering a wedding cake and how we determine the price.

## **Number of Guests:**

One of the key factors to consider when ordering a wedding cake is the number of guests you'll be hosting. The size of the cake is directly related to the number of servings needed. We offer a variety of tiered cake options, ranging from smaller cakes for intimate gatherings to larger ones for larger celebrations. Our experienced staff will work closely with you to determine the ideal size to ensure every guest gets a slice of delectable goodness.

### Design and Customization:

The design of your wedding cake plays a significant role in creating a stunning centerpiece for your special day. We pride ourselves on our ability to bring your vision to life. Whether you have a specific design in mind or need assistance in creating a unique masterpiece, our talented cake designers will work closely with you to understand your preferences, theme, and any specific decorations or motifs you desire. The complexity of the design and the level of customization required will influence the final price.

### Distance to the Venue:

We offer delivery services within a limited range from our bakery (please contact us with the details of your venue to check the possibilities). The transportation of delicate wedding cakes requires special care to ensure their safe arrival. For venues within this range, we have reliable delivery options available to bring your cake directly to your wedding venue, so you can focus on other aspects of your special day without any worries. If your venue is outside this range, we kindly request that you arrange for pick-up of the cake from our bakery.

### **Price Determination:**

Our pricing is determined by taking into account the factors mentioned above, as well as the level of intricacy and labor involved in creating your dream wedding cake. Each cake is unique, and the price is tailored to your specific requirements. We offer transparent pricing and will provide you with a detailed quote after discussing your preferences and needs.

### **Consultation:**

To ensure that we create the perfect wedding cake for your special day, we offer a one-hour consultation with our experienced team. During this consultation, we will discuss your vision, provide design suggestions, and answer any questions you may have. It is important that both the bride and groom are present and prepared for the consultation, as it allows us to understand your preferences and align our ideas with your wedding theme. Please note that the consultation fee is 30€, which will be deducted from the final price of your cake upon confirmation of the order.
